Position Limits Compliance Simplified.

Monitoring & Reporting Demand a Low-Cost Data Solution

Validating position limits data on a daily basis is an arduous and time-consuming responsibility. The solution is the IFM’s position limits data services which help firms simplify data sourcing and reduce costs.

IFM’s Position Limits Databank (PLD) and Equity Options Position Limits Databank (EOPLD) make it easy to obtain data required for pre-trade screening, complex post-trade monitoring, and exchange and regulatory reporting.

The IFM is the only consolidated source for global position limits and related regulatory information. Ask us how IFM data can simplify your surveillance.

Key Features

- Continuous global coverage on more than 30,000 products including futures, options on futures, cleared swaps, shipping certificates, equity options, etc.
- Data are cleansed and validated to eliminate inconsistencies and omissions
- Updated daily to help firms mitigate risk and compliance lapses
- Search feature to compare product limits across various exchanges
- Email alerts to stay informed of limit changes, rules and new products
- Data includes accountability levels, reporting levels, position limits, contract aggregations, diminishing contract indicators, mini contract multipliers, and more
- Data available via Web portal and in XML and ASCII file formats via FTP
- IFM Data Center Help Desk to answer limit related questions

The IFM is a nonprofit 501 (c)(3) foundation and an independent affiliate of the FIA, the leading trade organization for the futures, options and cleared swaps markets worldwide. Annual subscription price for qualified banks, broker/dealers, FCMs, clearing firms, and markets-users for Position Limits Databank (PLD) is $19,080, and the supplemental Equity Options Position Limits Databank (EOPLD) is an additional $5,880.
